- Green View Nursery, 2700 W. Cedar Hills Dr., Dunlap, IL 61525
- Kelly Seed, 202 Hamilton Blvd., Peoria, IL 61602
- *Height's Flowers, 310 S. Main St., North Pekin, IL 61554

***N. Pekin location only**

The Friends of Alpha Park Library (FOAPL) are hosting a self guided garden walk that will feature 5 beautiful and diverse local gardens. From ornamentals to edibles, and yes, some whimsy too, you won't want to miss these hidden gems. There will also be other garden related artistic activities going on in each garden that will be 'must sees' for all. You'll want to bring your camera to capture some of the beauty and also to take home some inspiration and ideas for your own garden. All proceeds of the garden walk will be used by FOAPL to enhance Alpha Park Library resources and services.

NEWS RELEASE FROM
ALPHA PARK PUBLIC LIBRARY
BARTONVILLE, ILLINOIS

COOKBOOK CLUB

For Those interest in eating and discussing food, be certain to check out Alpha Park Public Library’s Cookbook club. Cooks of all skill levels are invited. It’s simple. Check out a cookbook from the library, test out a recipe that sounds tasty and bring a copy of the recipe to the monthly meeting to share your opinions. Of course, taste samples of your recipe are always welcome! Cookbook club is free and open to all adults aged 18 and older. For further information, please call the library at 697-3822 ext. 13.

WHERE: Alpha Park Public Library

WHEN: Monday, May 2, 2016 @ 7:00 p.m.

CEMETARY WALK

Gary Lisman, Author of *Bittersweet Memories: A History of the Peoria State Hospital*, will give a brief overview of the state hospital cemeteries, which will then be followed by a drive to the state hospital grounds for a guided tour. Patrons will drive their own vehicles. Good footwear is essential as some cemeteries are located on slopes and can by slippery. This event is free and open to the public, but is limited to 30 people. To register, please call the library at 697-3822-ext 13.

WHERE: Starts at Alpha Park Library

WHEN: Saturday, May 14, @ 9:30 a.m.

WHEN WAS THE LAST TIME YOU
ADDED CHLORINE TO YOUR SEPTIC?

How to supply chlorine to the majority of chlorinators:

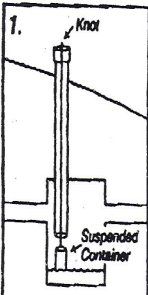

Typical Septic System Lay-out
(actual arrangement may vary)
(chlorinators also follow mechanical aerobic systems)

1. Knot

If your system was installed mid 1970's - mid 1980's

Find the chlorinator recharge pipe located beyond the vents of the septic field. Place solid chlorine tablets in perforated plastic container and lower with synthetic cord (organic cord will rot) until container skims liquid in chlorinator. Secure cord to lid.

2. Knot

If your system was installed mid 1980's - mid 1990's

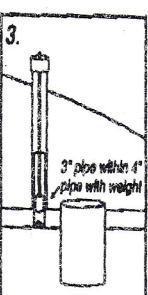

Place solid chlorine tablets in perforated plastic container and lower with synthetic cord (organic cord will rot) to bottom of pipe. Secure cord to lid.

3. 3" pipe within 4" pipe with weight

If your system was installed mid 1980's - mid 1990's

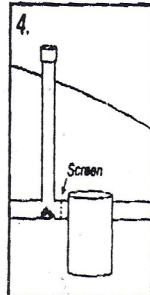

Remove the 1 - 1 1/2" PVC pipe. Drop solid chlorine tablets into bottom pipe section. Replace 1 - 1 1/2" PVC pipe and weight.

4. Screen

If your system was installed mid 1990's - 1999

Drop solid chlorine tablets into pipe.

5. 3" pipe within 4" pipe with notched bottom

If your system was installed 1999 to the present

Drop solid chlorine tablets into pipe.

NOTE: If standing water is observed in the chlorine recharge tube of any system, suspend the chlorine as shown in Illustration 1 in order to prevent the rapid disintegration of solid chlorine tablets.

CAMELOT ROUND TABLE ASSOCIATION
BOARD MEETING MINUTES (UNAPPROVED)
April 20, 2016

Pledge of Allegiance - Board Member John Hecker began the evening by asking the group to join him in the Pledge of Allegiance.

Call to Order – President Steve Harenberg called the meeting to order at 6:33 p.m. Board Members present were Leah Allison, Tony Baker, John Hecker, Scott Perkins, Bob Wilder, Bill Krokos, Cathy Doss and Bo Pratt. Also present was Glenda Carlson, Acting General Manager.

Approval of Minutes – Bill Krokos made a motion to approve the March minutes with correction of (taking) to talking and (it) to is in the Dredging Committee Report. Tony Baker seconded the motion. All in favor, motion carried.

Finance Report – Treasurer Leah Allison reported the financial statement for March 2016 to the Board and Members present. The Finance Report was approved as presented.

Recognition of Members and Guests – In attendance were: Collin Cochran, Lot 535; Jim Sinclair, Lot 477; Lyndsay Fenwick, Lot 260; Claire Jones, Lot 337; Glen Delorme, Lot 1033; Nick Schwartz, Lot 656; Suzanne Wheeler, Lot 562; John and Jennifer Henderson, Lot 124; Scott Pedigo, Lot 261 and Adam and James Wells, Lot 536.

COMMITTEE REPORTS

Infrastructure - Jim Sinclair reported on work done the Bridge, the Weir Dam. He also presented the prices submitted for the ventilation repair needed at the pool house and two quotes that had been received by his Committee. After some discussion, a motion was made by Bill Krokos and seconded by John Hecker to accept the bid from Fritch in the amount of \$1,425.00 to install a fan for better ventilation in the pump room and to get a cost for a steel louvered door for the chemical supply room. All in favor, motion carried. The Fire Hydrant painting project has been started, they have been cleaned and wire brushed. The project is scheduled for completion the weekend of April 23rd. More information regarding the ILRPC is available in the minutes of their last meeting - Page 10.

Land and Lakes – John Hecker reported that Land and Lakes met on April 6th. He informed the Board about their discussion of the work yet to be done by FCI Excavating on Ravine 9 as they are waiting for the county road restrictions to be lifted before the work can commence, the bridge painting and the repairs to the weir dam have been completed and the maintenance department picked up the grass carp from the Illinois Soil and Water Department and placed them in the silt pond and the pond at the water tower per the board’s direction. Mr. Hecker has been putting together a manual on Lake Management for the committee members to review and asked anyone with input to please let him know as he will continue working on it in hopes it will be carried on for documentation for future association members in years to come.

Health and Environment – No Report.

Dredging Committee - Bill Krokos reported that there was not a meeting of the Dredging Committee held this month. However, work continues with Joe Rush from Jaedco on the 319 Feasibility Grant. A 319 Grant is a government funding program that may allow us funding towards erosion repairs. Many lake communities who have gone down this path to protect against erosion, develop a detailed lake management plan and dredge their lakes have researched the 319 Grant feasibility for assistance with erosion control. Some fellow lake communities have been successful to receive funds through many years of applying and reapplying for this Grant. We hope to do this as well. The General Manager informed the Board Mr. Rush had contacted the office over the phone and stated that the likelihood we would be eligible for a grant looks promising but has not yet confirmed. We expect to hear from Mr. Rush prior to the next Board meeting.

Security Report – No Report

CLUB REPORTS

Activities Club- Lyndsay Fenwick was present and requested the Board allow the inclusion of an outside vendor (shaved ice truck with various flavors) for the 4th of July event. After much discussion, Lyndsay was asked to go back to the vendor and finalize negotiations with them meeting certain requirements to allow them to participate in the upcoming festivities and to report to the office if an agreement can be reached. The Activities Club is still looking for volunteers for the 4th of July. Please see Page 2 for more information.

Sportsman’s Club –No Report

ECC -Applications: Scott Perkins

A motion was made by Bill Krokos, seconded by Leah Allison to approve/deny all of the applications as approved/denied by the ECC: Hoyle, Lot 394-Replace Shingles on Roof/New Gutters; Sinclair, Lot 477 - Underground Drainage for run-off; Kepler- Lot 843- Install Deck; Ghery- Lot 903- Install Concrete Slab, Fire-pit, Beach and Dock. Herman, Lot 316 - Was denied until more information can be received.

OLD BUSINESS

Monthly Violation Reports/Update – The General Manager reported violation notices continue to be paid and another property inspection will be scheduled within the next week or two. The Board would like to encourage people to follow the rules regarding working light posts, garbage can placement, unlicensed and improperly parked vehicles and others. Working together we can make the community more aesthetically appealing in the summer months when people are out and about and enjoying their surroundings. Please place all waste on RTA property in trash receptacles provided.

Closing of Gate/Lower Lake - The gate on the lower lake has been closed as of this weekend. Both lakes are now closed and the upper lake is up approximately a foot/foot and a half. We are in need of rain to fill the lakes.

Logan Township/FCI Culvert Repair - Logan Township (Kevin Sipp) brought in three/four loads of white rock for other side of road where we completed the work near Lots299/300. We thank Kevin for his participation and working with us to see that this repair was made and completed.

Jaedco (Rush) Contract- Mr. Rush is scheduled to be here Monday, April 25th for his first visit with our maintenance department and Board Members John Hecker and Bob Wilder. It is Mr. Rush’s intent to visit both lakes, evaluate our current weed growth, discuss with Greg and Dennis application techniques and type of chemical applications; to review the type of chemicals we are using and the cost to purchase. Once he has completed his first visit, he will go back and summarize his findings and email his report and evaluation.

4th of July Festivities - Letters are being sent to members on the Lake that could be effected by the Fireworks Display (this waiver for liability is done annually). The application process with the Logan-Trivoli Fire Department will begin within the next few weeks.

Weir Dam & Bridge Painting -The Weir Dam repair has been completed as well as the bridge painting. Photographs of the completed projects have been added to the PowerPoint Slide Show that was available at the Annual Meeting showing the damages to those areas and now the repair.

NEW BUSINESS

Fish Fry - The Sportsman’s Club 7th Annual Fish Fry is being held May 7, 2016 with dinner from 3:00-7:00 p.m.; music from 8:00 - 11:00 p.m. Adults \$8.00 in Advance/\$10.00 at the door, Kids \$5.00-Anytime. Tickets are available at the Lake Camelot Clubhouse.

Utility Installation Updates- Over the past **several** months utility installation servicers have been making repairs and replacements throughout Lake Camelot. Work is still being done in some areas and restoration is not complete. Spring will allow them to get back out here and begin making restoration to some properties and to continue to make any needed repairs possibly throughout the entire summer. However, if you have concerns or problems you feel are not being addressed, contact the office at 697-5339.

Business Equipment/Office Copier Contract- The Manager presented bids for a new contract for the office copy equipment and recommended the proposal from Watts Service for a multifunctional copier for 60 months and a monthly rental payment of \$56.18 with 6,000 b/w images per quarter. The current contract is for a period of 60 months with a monthly cost of \$62.54 and 3,750 b/w images per quarter. On an average overage costs were being incurred at 1,000+ billable for each quarter. So savings will be incurred due to the reduction in the actual monthly cost of the equipment and the increase in allowable copies. The new copier has the capability of making color copies. The current one does not. This will save on the purchase of replacement ink cartridges on the Office jet Pro used with the Computer. The current contract expires 09/18/16 with ninety days (90) notice to terminate. Tony Baker made a motion, seconded by Bill Krokos to terminate the current contract as of 09/18/16 and enter into a contract agreement with Watts Copy Systems, Inc. immediately thereafter with the equipment rental agreement as presented. All in favor, Motion carried.

Executive Session- John Hacker made a motion to go into executive session at 8:25 p.m., seconded by Tony Baker. All in Favor, Motion carried. Motion was made by Bill Krokos to come out of Executive Session at 9:25 p.m., seconded by Scott Perkins. All in Favor, Motion carried.

Action Resulting From Executive Session-NONE

Adjournment – Motion was made by John Hacker and seconded by Tony Baker to adjourn the meeting at 9:27 p.m. All in Favor, Motion carried.

Respectfully Submitted,

Cathy J. Doss,
Secretary

Lake rakes and razers available for checkout at the office.

Ideal for lakes

- Skims algae and weeds off the surfaces of lakes.
 - Extra-long 11-ft. handle
 - 4" teeth to grab debris
 - Styrene float keeps rake on water's surface
- This unique rake skims across the water surface to remove algae and weeds from lakes. 30" removable styrene float holds rake on the surface to drag loose debris into shore. Strong, yet lightweight 36" aluminum head has 4" teeth. 11-ft. powder coated aluminum handle comes shipped in two separate 5-1/2-ft. lengths. Includes 50 ft. of 5/16" nylon rope. Weighs 8 lbs. USA made.

Removes weeds, algae and debris from lakes

- Serrated steel blade cuts weeds easily
 - Extra-long 11-ft. handle
- This hard-to-find tool removes weeds and algae from lake bottoms without having to use harmful chemicals. Extremely sharp serrated steel blade easily cuts weeds and has a reversible, double-sided cutting surface. Solid aluminum gusset brace provides strength and support. Extra-long 11-ft. handle comes shipped in two separate 5-1/2-ft. lengths. Blade measures 28"wx2-1/2"H. Rake weighs 7 lbs. USA made.

Minutes – Infrastructure/Long-Range Planning Committee (ILRPC)
Tuesday, April 12, 2016
Call to Order - The meeting was called to order at 5:00 PM. Committee members in attendance were Suzanne Wheeler, Darrel Hedman, and Jim Sinclair. Committee member absent were Kevin Arduini and Tony Baker (Board Liaison).
Report on the March 2016 RTA Meetings – Bridge work to Otto Baum & weir dam repairs to someone from Glasford. Thanked our committee for quick response to their need. Presented the swimming pool priorities we suggested. They said that the limited amount of funds for 2016 for the pool needed to be for the ventilation and 3-phase conversion.
Swimming Pool Complex –
Pump room ventiliation - The committee met with Greg Dennis and representatives from AAA Northgate, Fritch Heating Cooling, and Montefusco HVAC on Friday, April 1st 2:00 PM to inspect the ventilation needed in the pool house equipment room. The contractors will provide a bid to including a fan, thermostat, and whatever electrical and carpentry work needed to get this installed. Each received a request for proposal with the quotes being submitted by Friday, April 8th. Two contractors provided the following quotes and the third declined to present a quote.

Contractor	Amount	Fan CFM/# of times per hour
Montefusco	\$3,200	250/6
Fritch	\$1,425	580/10

The committee recommends Fritch.
3-phase electricity – Kevin Arduini looked into this project. Our pumps are one-phase. So to convert the electricity to three-phase, we would have to purchase three-phase pumps. The committee recommends to drop this project.
Pool house roof – The committee will obtain a ballpark amount to repair/replace the roof to add to the chart below.
Committee Projects – No Project Request Forms were presented by the community this month.
Fire hydrant painting project – The hydrant were marked, wire brushed, and grass/weeds removed on April 2nd by the Boys scouts. They will be painted later this month.
Items not discussed – 1) 30-year planning; and 2) Old baseball field.
Potential Projects in Next 5 – 10 Years:

Project	Responsible	Estimated		Set aside	RTA Reserve for			
	Committee	Cost*	Year Needed	\$'s / yr from '16	Bridge/Dam Re-pairs	Replace-ment	Dredg-ing/ Ero-sion	Swimming Pool
February 29, 2016 balances					\$91,079	\$50,769	\$19,931	\$25,006
Swimming pool house roof replacement	Infrastructure							
Swimming pool roof	Infrastructure							
Lake Lancelot Spillway Bridge	Land & Lakes	\$100,000	2025	\$10,000				
Upper lake dam liner	Land & Lakes							
Dredging	Dredging							
Club house and boat launch parking oil & rock sealing	Infrastructure	\$23,700	2017	\$11,850				
Lake Camelot boat ramp culvert replacement	Land & Lakes
